Engage students in both activities and athletic programs.	Students build self-confidence and buy into the overall culture of classrooms and the school at large.	Yes	Continue	Coaches/Advisors have learned that both advertising as well as having well-rounded athletic/activities programs are essential for participation. Our Activities Office has facilitated student interest and it has led to almost doubling the amount of clubs offered to our students to participate in after school. Our Athletic Office continues to add more athletes to its rosters by retaining student athletes.	Continue to provide students with well-rounded athletic and activity opportunities to enhance their high school experience in a positive manner. Continue adding clubs and continue adding athletes to our already existing programs. Administer club interest surveys to solicit new areas of interest.	Fundraising ideas are needed for both clubs and athletics in order to continue providing students with the varied opportunities they now have at their disposal. Community sponsors would add a great deal of support and contributions to both our clubs and athletic programs as well as a partnership with our neighbors.
